# EVOLUTION

# 1976

Two hundred years ago our country began its evolution. Following the close of the Revolutionary War, our nation became an independent unit. Colonists had started the process of evolution, working to build our country, reaching for perfection.

We, the 720 students of South Putnam High School, are seeking much the same goals.

As the years have passed, there have been numerous changes. We have grown, and set goals. We are in the process of evolution, aiming for a utopia.

Fillmore School

Above: Belle Union School  
Below: Reelsville School

Rin-n-n-gl Recent What joy that word created when we were in grade school at Belle Union, Fillmore, and Reelsville! With that bell, we could escape the seriousness of education and run free outside for twenty minutes that passed much more quickly than our reading group.

During the sixth grade we were given a guided tour of the junior-senior high school where the BIG kids go. The process of evolving from grade school kids to adults was beginning. Remember buying our seventh grade books and trying out that locker combination??

As high school students we developed our personal interests and career goals as we chose our majors and minors. What classes would benefit us the most as we prepared for college or a job?

As we graduate and reach beyond high school, we are still remembering days at Belle Union, Fillmore, and Reelsville while planning our futures. Perhaps we'll never achieve utopia, but we, the class of 1976, can try!

1976

SOUTH PUTNAM  
HIGH SCHOOL

# STUDENT

As grade school students, school life meant soaping windows at the Fall Festival and having the neatest Christmas tree in your room.

Remember the day the Putnam County Bookmobile arrived, and you could exchange library books?

Junior High student life was a great change from the quiet, orderly halls at Belle Union, Fillmore, and Reelsville. We were pushed and shoved down the halls (and into our lockers) by those BIG seniors! We felt we wouldn't live long enough to be that big!

As high school students we accepted the responsibilities of planning our schedules and working toward graduation. After a ballgame, it was a trip to the Pizza Hut or Burger Chef to see our friends. Homework and pressures increased with our experiences. Without realizing it, we have been evolving into adults who will help make the decisions for our descendants.

LIFE

# Cathy McCammack Reigns as Queen

# A Time to Remember

The 1975 Homecoming was indeed a time to remember. This year's festivities got underway Thursday evening with a tricycle race, tug-of-war contest and the main attraction—the bonfire. It was a huge success with flames lighting the sky. Friday evening the rain got the football game against Monrovia off to a slow start, but the night was highlighted with the half-time ceremonies. Three princesses—Vicky Jones, Angie Clark, and Lisa Ames—and four candidates—Carolyn Birt, Jana Cable, Cathy McCummack, and Shandra Stinson, were escorted onto the field. Darrell Mendenhall had the honor of crowning the queen, Miss Cathy McCummack. After a hard-fought battle, the homecoming game ended with a 27-6 loss to the Monrovia Bulldogs.

Left: Center queen Cathy McCummack; Clockwise: Vicky Jones, Angie Clark, Lisa Ames, Shandra Stinson, Jana Cable, Carolyn Birt.

Upper right: Darrell Mendenhall crowns the Homecoming Queen, Miss Cathy McCummack.

Below: Front: Stacy Broadstreet, Shandra Stinson, Cathy McCummack, Jana Cable, Carolyn Birt, Bill Gardner; Back: Vicky Jones, Angie Clark, Lisa Ames.

# Serious Process of Education

Above: Classrooms in  
Vientiane

Left & Centre:

Right: Classroom interior prepared for the

As elementary school students, the activity we cherished above all was recess. Then we were without restraints to swing, to run, and to work off excess energy. Our classroom activities besides 'readin', 'ritin', and 'arithmetic included art and music.

In junior high, we were exposed to more and more after-school activities. Soon our parents began to feel as though they lived on the road to "pick us up after school!"

During our high school years, the evolutionary process has proceeded. Each year we developed new, broadened interests. New clubs and activities were formed during our high school years to enable us to widen our horizons and to prepare us for our adult roles, making the history our descendants will study.

Varsity Girls is a new organization this year at South Putnam High School. Mrs Muncie and Miss Herrick are the sponsors. Varsity Girls replaces the former Girls' Athletic Association (GAA). Since the Indiana High School Athletic Association (IHSAA) now includes girls sports, Varsity Girls was formed to recognize girl athletes at South Putnam. Varsity Girls projects for this year include babysitting at home basketball games, and many others. The purpose of the Varsity Girls Association is to stimulate participation in girls' athletics and to promote ideas of health and sportsmanship.

This year has been a busy one for members of the Eagle Band. During the football season, the marching band (116 strong) performed at six football games, DePauw Band Day, and then wrapped up the marching season with a first division performance at the state marching contest in Indianapolis.

The Stage Band presented concerts in the fall and in the spring, and the pep band supplied musical pep and enthusiasm for the home varsity basketball games.

The concert band presented its annual Christmas and spring concerts and also competed in the playing contest at Crawfordsville, hoping to repeat its solid performance of last year. This year, a new performing ensemble, the wind ensemble, made its debut. This group consisted of forty select musicians and performed more difficult music.

The Drill Team also had a busy year with its entertaining performances at the football and basketball games. The squad also competed at Drill Team contest in March.

In addition to all of the above activities, at least fifty percent of the band participated in the solo-ensemble contest at DePauw on January 31. Over the past five years, South Putnam has received over 50 percent first division ratings at this contest.

The highlight of the year was the band's performance in the Tulip Time Festival Parade in Holland, Michigan, May 15. While in Michigan, the band also visited the Henry Ford Museum and Deerfield Village.

# Thespian Troupe Produces

Officer Grimes advises Sammy against marriage while the Tramp watches apprehensively.

At top: Sammy is appalled to find the Tramp who pays her taxes lying on his lap.

Bottom: Sammy threatens the naughty boy in an attempt to clear the area for her tryst with John.

Officer Grimes and his wife make up while the curious boy and girl look on.

# One-Act Play, BENCH 18

Thespian Troupe #92 presented BENCH 18, a romantic comedy of mixed identities, in January. Morton Gould and Pam Storm capably portrayed the lead parts of Sammy and Julia. The rest of the cast included Sheila Gould—the tramp; Jerry Grimes—the officer; Marsha Grubb—his wife; Pam Compton—the blonde; Dale Gannon and Kathy Frame—the naughty boy and girl. Tim Smiley was stage manager. Mr. Alexander directed with assistance from Tim Simer, a DePauw speech major.

Sammy mistakes a young girl for Julia, but is unfortunately mistaken for a masher

At last—Sammy and Julia find each other on Bench 18

Cast members, L to R: Kathy Frame, Mike Owen, Morton Gould, Pamela Storm, Sheila Gould, Jerry Grimes, Marsha Grubb, Pam Compton, and Director Mr. Doug Alexander

Due to the Women's Liberation movement, the Equal Rights Amendment debate, and the court decisions, perhaps the greatest revolution in athletics has been the recognition of women's varsity sports. New prominence has been given to girls' basketball, volleyball, swimming, and track teams. The females were even represented ably on the 1975 Cross Country team by Ishanee Tullia, our Polish exchange student.

Individual sports have also made important additions to the over-all athletic program. Although golf and swimming have been in the BPHS schedule line-up for several years, tennis was introduced in the fall of 1970 as an intramural sport. Severely interested athletes perceive their potential in the B-P-Tenn competition. On the first year squad:

"As people find more and more freedom through the availability of more labor-saving devices and the four-day work week comes closer to reality, we will have to prepare ourselves academically and athletically to fit in free time."

# SPORTS

# Eagle Harriers Complete

Eagle Harriers, 1st row L to R Jim Puckett, Tim Frazier, Bruce Dorsett, Doug Gilham, 2nd row Jeff Smith, Gary Birkemeier, Lynn Wager, Al Hallom, Darrell Minor, 3rd row Jay Stuart, Devin Fromke, Kieth Puckett, Randy Kelly, John McHugh, Jay Albright, 4th row Jeff Mosteller, David White, Johanna Tihila, Randy Hayes, mgr., Coach Mr. Puckett

Left. B-team strides on to victory. Right. Kieth Puckett shows anguish as he crosses the finish line

The Eagle Harriers, under the command of Coach Dan Puckett, started practice in early August and could be seen running at South Putnam until late October. Coach Puckett and his men compiled another successful season with a record of 11-4.

The Eagles placed second in the county and fourth in the conference. Kieth Puckett turned in the best individual performance by successfully defending both his conference and county crowns. For the third year in a row, Kieth also received the "Most Valuable Runner" plaque. In addition to his accomplishments, Kieth also holds the school record with a time of 12.59. Behind Kieth's efforts, to be seen for the last time were seniors John McHugh, Randy Kelly, Jay Albright, David White, and Johanna Tihila.

# Another Successful Season

Top: The Eagle Hurters last meet of the season. Keith, John, Jeff, Tim, and Bruce were the five runners who represented South Portland in the conference meet. Left: Jeff Mosteller crosses the finish line with hopes of victory. Right: The Eagles are off and running in their first meet of the season.

# Eagles Rebuild Team,

THE VARSITY FOOTBALL TEAM—First Row: Jerry Grimes, Mgr., Randy Aker, Mgr., Larry Allen, Joe Rennehu, Tom Colwell, Kelly, Jim, Jerry, Gary, Brad, Jon, Darrell Mendenhall, Camden Davis, Paul Myers. Second Row: Coach Wayne Snider, Jerry Heine, Corey Allen, Jim Lewis, Garry, Alan, Jim, Mike, Tim Thomas, Scott Simpson, Mgr., Coach Wayne Huddleston. Third Row: Mike Vaughn, Jack Sutton, Fred Wesley, Jim Smith, Vaughn McCammack, Ray Allee, Bill Heeke, Joe Burnham, Brad Booe, John Schilling, Ed Samuel, Brad Querry, Mgr.

The Eagle gridders gained valuable experience and new prospects for future teams. Although their record was not impressive their spirit and attitude was. They worked hard through the summer months to build endurance and strength to accomplish a 100% effort through the season. The returning Eagle gridders showed a lot of promise towards a winning season next year.

Coach Pat Clark and team ponder the game situation

Cathy Miller

# ADMINISTRATION

# FACULTY & ACADEMICS

# Business – The World of Opportunities

PEOPLE

MAKES BETTER BUSINESS OPPORTUNITIES

**Business!** What a big part of this world it makes up! The purpose of the business department is to prepare students for business opportunities.

The Office Education Association plays a major role in achieving this purpose. This year sophomores have been able to join, making this year's enrollment the largest. In February, a district contest was held in Terre Haute with such contests as job interviews, accounting, typing, and shorthand. These contests help to prepare the student for the pressures of job situations. The top three winners compete at the state convention in March. Teaching all phases of typing is Mrs. Betty Hazlett. She has a full schedule of Typing I & II classes. Mrs. Warren, who was at South Putnam the first semester, got the office practice and shorthand classes started. During the first semester the office practice classes learn how to run different business machines, while the shorthand classes learn the principles of Gregg. During the second semester, Mrs. Phyllis Rokicki helped the students in office practice learn to write resumes and decide what job they wanted in the simulation, Lester Hill Corporation.

Mrs. Hazlett takes a stroll down typists' lane

Bookkeeping, Business Math and Intensive Laboratory are taught by Mrs. Rhema Gobert. Intensive Lab involves senior business students, data in two hour situations prepared by business education teachers who

have observed people on the job and set up the stations. Each student changes positions every two weeks, allowing everyone an opportunity to taste various job opportunities in the business world.

Shorthand I throws surprise party for the departing Mrs. Warren

Mrs. Warren gives Ronetta solid advice.

Will this thing copy money??

Is Norman typing to the radio or the transcribing machine?

Learning how to make coffee is part of the daily routine in Intensive Lab

# Vocational,

No, John there's not a mud valve on this engine

Tom shapes a table leg

Maria and classmate work on leathercraft

Silk screening is a job learned in art class also

Above: Tim Callahan sets lathe for working procedures

At left: Mr. Alexander's students listen attentively as he explains the finishing touches for their projects

# Agriculture Departments Expanded

Darrell Minor is pleased to show off his fine project in Woods class.

Mr. Branacum reviews tools that are used in shop classes.

Brad Boo and John Schillings examine a negative for quality.

Mr. Williams explains printing to beginning Graphic Arts students.

As the emphasis of education changes from college-oriented to vocational-oriented curriculums, South Putnam is adjusting its course offerings to provide for the needs of all students. The Ag. Dept. has expanded and now includes a co-educational course in horticulture. Mr Larry Bottorff, former head of the Ag. Dept., resigned at the end of the first semester, after five years of organizing and expanding the program.

Just this year, the print shop has installed equipment in the darkroom to enable students to learn photo-developing techniques for possible use in publishing or other jobs. To improve the industrial arts program, the new Ag. building has a large area devoted to Power Mechanics. There are stations for fourteen students to learn electric welding. Classes in drafting, mechanical drawing, wood working, and art continue to be offered, with each fulfilling the need for career or personal use.

# History, English & Math

"Let's see if I can fake them out on this answer!"

Gregg tries to understand Spanish lesson on tape

Throughout the history of our country, social studies has been increasing in size. In 1929, juniors could study as current history, the after-effects of WW I. The depression was upon the country; WW II was not a lengthy chapter of history and North and South Vietnam were not yet household words. The Social Studies Department offers the state requirements, U.S. History and U.S. Government as well as electives in economics, sociology, and psychology.

Mr. Kroft seems to be enjoying everyone's enthusiastic application to their homework

Latin and Spanish classes are offered to college-bound students and students interested in a foreign language for personal reasons. The Spanish classes now have their own tape recorder and tapes that correlate with lessons in the texts.

The English Department experienced a change from one general course per grade level to semester electives such as Myths & Legends or Bible Literature.

Following the trend toward practicality the Math Department has added a Consumer Math Course in addition to the one year of general math and four years of college prep math. Math teachers and students who have weathered the change to the "new math" within recent years, are now faced with the rapidly approaching change to the metric system.

# Change With the Times

Mr. Pickett finishes a GLEEM smile

Mrs. Bartley displays Spanish calendar on bulletin board

Getting a glimpse of the finer things in life!

Let's see... I forgot what I was gonna write!

# Science & Home Ec Departments

Mrs. Sonnenfeld instructs her beginning students on how to sew a straight line and rip out mistakes.

Below: Seniors Karla Crows and Linda Michael measure their copper wire for an experiment in Chemistry

Tom Rising, Bob Kelly, and Matt Lagoe record observations from an experiment

In 1976, future homemakers are taught the use of labor-saving techniques and "gadgets" that were undreamed of by their great grandmothers. The addition of new appliances in the last few years has brightened the appearance of Home Ec. classrooms. The living area has also been decorated in shades of green, gold, and brown.

One semester of cooking and one of sewing for Jr. High girls is still required. Home Ec. Majors are required to take one semester of consumer economics and one of interpersonal relationships as freshmen. For upper level courses, however, majors may choose from Foods & Nutrition, Clothing, Housing, Child Development, and Family Management.

# Teach Students Through Lab Techniques

Judie, Judy Reesler and Jeannine Porter observe the reactions of copper wire in silver nitrate solution.

Ava Taylor, Mona Holl, Cindy G. Brown and Vicki Jones try to cooperate in fixing an edible breakfast.

Several new things are happening in the Science department. In the Jr. High program the year has been broken into two semesters—one in the seventh grade and one in the eighth grade. Starting this year, seventh graders study health one semester and then change to life science second semester. Eighth graders studied the physical science first semester and are now in First Aid & Disaster Training.

In the senior high, the Science Department offers Freshman Biology, General Science, Advanced Biology, Chemistry, Physics, and Horticulture. The Physics class is now receiving over \$700 worth of new equipment purchased through the Federal government Title III program. Much of this equipment can also be used to demonstrate science principles to other classes.

Mr. England explains to some of his students the qualities of a healthy plant.

# School Board And Administration Work

J. David Scott  
Principal

Milton Krehn  
Assistant Principal

School Board Members. Clockwise: Mr. Bob Rissler; Mr. Mort Thomas, vice president; Mr. Roy Sutherlin, school attorney; Mr. Keith Jones, president; Mr. James Hammond, superintendent; Mrs. Sue Birdsell, secretary. # Class of '76 Makes Best of Final Year

Senior Class Officers: L to R: Taylor Egan, Mrs. Cindy McCann, Kaitlyn Adair, Leah McElroy

## CLASS MOTTO

Pride in yesterday, faith in tomorrow.

## CLASS FLOWER

Red Rose

## CLASS COLOR

Regal Blue

Above: Randy Kelly and Kieth Puckett were chosen to represent South Putnam at Hoosier Boys' State.

Above left: Hoosier Girls' State delegates for 1975-76 were Sondra Badger and Jana Cable.

At left: South Putnam DAR Good Citizen for 1975-76 was Dawn Gaston.

As Juniors, Jana Cable and Sondra Badger were selected by the faculty and administration to attend Hoosier Girls' State while Kieth Puckett and Randy Kelly attended Boys' State at Indiana State University.

These students, who showed outstanding leadership and academic qualities, were involved in a simulated political process by running for and electing people to local and state offices. State officials then attended the National Convention in Washington D.C.

As the D.A.R. Good Citizen chosen by the faculty, Dawn Gaston competed on the county level by taking an examination on government and patriotism. The county winner then competes for state and national awards.

For 27 members of the Class of 1976, the evolutionary process from student to active member of the adult world started on January 18 at the second mid-term graduation ceremony. Some graduates are already pursuing careers, attending schools, or enlisting in the armed service. The 94 other members of the graduating class face the same challenges as they, on May 23, leave South Putnam to start their transformations from classmate to responsible alumni in our rapidly changing world. With these graduates, we pray, goes the true Spirit of '76.

Father:

In your will our lives are lived and by your wisdom truth is found. We have just finished our course of study and now we will be moving on to something new.

Take away our worries about what may happen and our confusion of purpose. Give us confidence in our futures. Help us with our decisions in life. Give us the energy to give energy and love to our neighbors. For the sake of Jesus Christ our Lord,

Amen

!!

We the People  
of the Constitution  
and Government  
of the United States  
do ordain and establish  
this Constitution  
for ourselves and our  
descendants forever.
